

Principal Investigator (PI) or Alternate PI - Lead scientist responsible for the proper utilization of designated project allocation.

1. Must meet the same eligibility requirements as a user. At a minimum the PI will be a 'person' in the AIM database.
2. If the PI is not a User on the project, a Technical Lead must be designated.
3. The PI is responsible for the users on the Project.
4. The PI is responsible for user behavior on the Project.
5. The PI must approve each user on the Project.
6. The PI is responsible for ensuring that the user complies with the user eligibility requirements: NOAA email, current ITSAC training, and appropriate investigation with OSY.
7. It is desired for the the PI to be a Federal Employee.
8. The PI shall not be a Foreign National (FN).
